

HDPE x SS Thread Transition Fittings - Specifications

Description

- Polyethylene x SS Male Treaded Transition Fittings.

Range

- IPS (OD) x MIPT available in 1¼"

Materials

- IPS (OD) - HDPE available in SDR 11
- 304 Stainless Steel, Schedule 40

Working Pressure

- Pressure rating: 160 PSI @ 73° F (23° C)

Features

- Designed specifically to connect your pump station to polyethylene tubing.
- SS Mipt provides additional strength at the joint.
- HDPE available in SDR 11.
- Available in various pipe lengths.

Applications

- Low Pressure Sewer Systems (LPS)
